

SPECTRE
TERMS & LICENSE

END USER LICENSE AGREEMENT · LAST UPDATED OCTOBER 21, 2026

These Terms & Conditions govern your use of this site and your purchase and use of SPECTRE. By buying, downloading or using any SPECTRE product, you agree to them. Please read them before purchasing.

WHO SELLS SPECTRE

SPECTRE is created, owned and sold by **Roberto Arechederra**, an independent filmmaker based in Mexico, acting as an individual ("I", "me", "my"). SPECTRE is a product name, not a separate company.

Contact: support@spectrecolor.com

1. DIGITAL PRODUCTS

1.1 Everything sold on this site, including LUTs (.cube), One-Click LUTs, PowerGrades / node tree setups, video tutorials, guides and practice footage (together, the "Products"), is digital only and delivered by electronic download. Nothing physical is shipped.

1.2 Product descriptions on the site explain what each edition includes. Please review them before buying.

2. PAYMENTS

2.1 Payments are processed securely by **Stripe**. I am the seller of the Products; Stripe handles the card payment and sends your receipt, under its own terms and privacy policy.

2.2 Prices are shown in US dollars and may change at any time. Changes never affect orders already paid. Your bank may apply its own currency-conversion fees.

2.3 If you need an invoice (including a Mexican CFDI), email me with your order details within the same month of your purchase.

3. REFUNDS

3.1 Because the Products are digital files that cannot be returned once delivered, **all sales are final** and no refunds, returns or exchanges are offered after the files have been delivered or downloaded.

3.2 Exceptions: if you were charged twice for the same order, or if a file is defective and I am unable to fix it or send a working version, contact me within 14 days of purchase and I will make it right.

3.3 Nothing in this section limits any refund right that applicable consumer law gives you and that cannot be waived.

4. YOUR LICENSE

4.1 When you buy a Product you do not buy the Product itself, you buy a **license to use it**. That license is personal, non-exclusive, non-transferable and non-sublicensable, and it is granted to **one individual** (the buyer).

4.2 You may use the Products to grade an unlimited number of your own personal and commercial projects, including work for clients. The videos and images you create with SPECTRE are yours.

4.3 Studios, agencies or teams that need several people to use the Products must buy one license per user, or contact me for a team license.

5. WHAT YOU MAY NOT DO

To protect the work behind these looks, you may not, in whole or in part, directly or through someone else:

- Resell, rent, give away, share, trade or redistribute the Products or any file inside them.
- Upload the files to any website, cloud folder, file-sharing service, marketplace, forum, group chat or social platform where others can access them.
- Share your download link or your purchase with anyone else.
- Include the Products, or LUTs, PowerGrades, presets or templates made from them, in any other product, pack, bundle, course or service, paid or free.
- Copy, recreate, sample, color-match, reverse-engineer or extract the looks, LUTs or node structures in order to make and distribute your own LUTs, PowerGrades or presets based on them.
- Use the Products, or footage graded with them, to train or fine-tune artificial-intelligence or machine-learning models or tools designed to reproduce the looks.
- Rename, rebrand or present the Products, or the looks themselves, as your own creation.
- Record, re-upload, publish or redistribute the tutorial or any training material, in full or in clips.

6. PRACTICE FOOTAGE

6.1 Practice footage is included only so you can learn and practice the workflow. You may post your graded practice results on your personal social media or portfolio, crediting **@robert.arre**.

6.2 You may not sell, license, use commercially or redistribute the practice footage, upload it to stock libraries, or use it in client work, ads or other products.

7. INTELLECTUAL PROPERTY

7.1 The Products, including the LUT files, PowerGrades and node trees, tutorials, guides, practice footage, product images, texts and the SPECTRE name and branding, are the original work and property of **Roberto Arechederra**. They are protected by the Mexican Federal Copyright Law (Ley Federal del Derecho de Autor) and by international copyright treaties.

7.2 Your license (section 4) lets you use the Products. It does not transfer any ownership or intellectual property rights to you.

7.3 All rights not expressly granted in these Terms are reserved.

8. BREACH OF THESE TERMS

8.1 If you break section 4, 5 or 6, your license ends automatically and immediately, without a refund, and you must stop using and delete every copy of the Products.

8.2 I may request the removal of any unauthorized copy from any platform, and I reserve the right to take legal action and seek compensation for damages, legal costs and any other remedy available under the law.

9. DELIVERY & ACCESS

9.1 Right after checkout you receive an email to create your password and access the members area at spectrecolor.com/access, where you can download your files and watch the tutorials. Stripe also emails you a receipt. If an email does not arrive, check your spam folder and then contact me.

9.2 Download links may be limited or expire. You are responsible for downloading your files and keeping your own backup. If you lose access, write to me with your order details and I will help you.

10. COMPATIBILITY & RESULTS

10.1 The **Full System** node tree / PowerGrade requires DaVinci Resolve (Free or Studio). The LUTs in both editions work in any software that supports .cube LUTs, such as Premiere Pro, Final Cut Pro or CapCut. Checking that your software and footage are compatible before you buy is your responsibility.

10.2 Results depend on your camera, picture profile, exposure, lighting and grading decisions. The examples on this site show my own work; your footage will not look identical, and a specific result is not guaranteed.

11. UPDATES

Free updates mean that, if I release an improved version of the Product you bought, you will receive it at no extra cost for as long as that Product is offered. I have no obligation to release updates, new camera versions or new looks, and I may discontinue a Product at any time.

12. NO WARRANTIES

The Products are provided "as is". To the maximum extent allowed by law, I make no warranties of any kind, express or implied, including fitness for a particular purpose.

13. LIMITATION OF LIABILITY

13.1 To the maximum extent allowed by law, I am not liable for any indirect, incidental or consequential damages, including lost footage, lost projects, lost income or missed deadlines, arising from the use or inability to use the Products.

13.2 My total liability for any claim related to a Product is limited to the amount you paid for it.

14. PRIVACY NOTICE

14.1 **Who is responsible.** Roberto Arechederra, an individual based in Zapopan, Jalisco, Mexico, is responsible for your personal data. Contact for anything related to your data: support@spectrecolor.com. Aviso de privacidad en español.

14.2 **What I collect.**

- **When you buy:** Stripe sends me your name, email address, country, the product, the amount and currency paid, and whether you agreed to receive news. Stripe handles your card; I never see or store your card details.
- **Your account:** your email address and your password, which is stored encrypted (no one, including me, can read it).
- **When you use the members area:** the date and time of each sign-in, the IP address and the type of device and browser used, and which files you download.
- **When you visit the site:** anonymous visit statistics (pages viewed, country, device type and the site that referred you), measured with Umami without cookies and without identifying you.
- **When you write to me:** your email and the content of your message.

14.3 **Why I use it.**

- To process your purchase, create and protect your account, deliver your files and tutorials, give you support and issue invoices.
- **To protect your license and prevent fraud.** Each account is for one person. I use sign-in records (date, time, IP address and device) to detect accounts that are shared or used without permission. An account used from many different places or an unusual number of times in a short period may be flagged for review and **automatically suspended**. If this happens to you by mistake, write to me and I will review it and restore your access.
- To understand, in aggregate, how the site is used and improve it.
- To comply with tax and legal obligations.
- Only if you agreed at checkout: to email you about new looks and releases. You can unsubscribe at any time from any of those emails or by writing to me. Saying no never affects your purchase.

14.4 **Legal bases** (for visitors from the EU/UK and similar laws): performing our contract (delivering your purchase and account), my legitimate interest in keeping the service secure and preventing license abuse and fraud, your consent for news emails, and legal obligations.

14.5 **Who helps me process it.** I never sell or rent your data. I share it only with the providers that run this service, under their own privacy and security terms: **Stripe** (payments), **Supabase** (accounts and database, servers in the United States), **Google** (email and encrypted backups), **GitHub** (hosting of this site), **Umami** (anonymous statistics) and **YouTube** (the tutorial player, in privacy-enhanced mode;

YouTube's policy applies when you play a video). Some of these providers store data outside your country, including in the United States. I may also disclose data when the law or an authority requires it.

14.6 **How long I keep it.** Account, purchase and access records are kept while your account exists. Purchase and invoice records are kept for as long as tax law requires (in Mexico, at least five years). Encrypted backups are kept only to restore the service after a failure and are not used for anything else.

14.7 **Your rights.** You can ask to access, correct or delete your data, object to its use, withdraw your consent or receive a copy of it. Email support@spectrecolor.com with the subject "Privacy request", the email address of your account and what you need. I may ask you to confirm that the account is yours, and I will answer within 20 business days. Deleting your account ends your access to the Products. You can also file a complaint with the data protection authority of your country.

14.8 **Cookies and browser storage.** This site does not use advertising or tracking cookies. The members area saves in your own browser your sign-in session (only if you choose "remember me"; otherwise it is deleted when you close the browser), your acceptance of these Terms and your preferred video language.

14.9 **Security.** Your data travels encrypted (HTTPS), passwords are stored encrypted and only your account can open your content. No system is perfectly secure; if a security incident affects your data, I will notify you as required by law.

14.10 The Products are intended for people who are at least 18 years old or have the consent of a parent or guardian.

14.11 If I change this notice, I will publish the new version on this page with its date.

15. GOVERNING LAW

These Terms are governed by the laws of Mexico. Any dispute will be submitted to the competent courts of Guadalajara, Jalisco, Mexico, except where the consumer law of your country gives you the right to bring a claim where you live.

16. CHANGES TO THESE TERMS

I may update these Terms from time to time. The version published on this page on the date of your purchase applies to that purchase; the latest version applies to any later use of the site or new purchases.
